

# Essential Study Skills For High School Students

## 1 Day Public Workshop

If you are looking for ways to help your son or daughter with their studies then our **Essential Study Skills Course** will equip them with the knowledge, skills and confidence to study more effectively and achieve better results. This fun, fast-paced 1 Day Study Skills Course gives students of all ages simple, practical techniques to overcome procrastination and approach their studies in a more organised and efficient way, helping them achieve better grades in assignments, tests and exams.

Focused on the three key areas every high school student should know – **Memory Skills, Speed Reading and Effective Note-taking Techniques** - students discover how to learn new information quickly and easily using simple yet powerful study techniques many other students are never ever shown. Plus Gloop Study Skills Courses are relaxed, friendly and fun!

**Workshop designed and delivered by Australian Memory Record Breaker Chris Lyons who in 2006 correctly recited Pi to 4,400 places without error.**

*Chris has appeared on The Today Show, A Current Affair, Today Tonight and demonstrated how effective memory techniques can be on radio stations all around Australia. In 2008 Chris won the Australian Memory Championships Names competition by memorising 46 people's names in just 5 minutes.*

### Purpose Of Workshop

- To give high school students a rapid and practical introduction to Memory, Speed Reading and Effective Note-taking Techniques
- To show students how to apply these techniques to their day-to-day studies to overcome procrastination and study in a more organised and efficient manner, saving time and achieving better grades
- To provide students with an easy-to-follow Action Plan to help them apply and practise their new found skills after the course

### What Students Learn

Students learn the following High School Study Skills essential to their academic success...

- **Memory Skills** - how much of your true potential are you using?
- The real reason students forget things - and why this is good news
- The keys to remembering what you need to at school
- How to lock in study information using brain-friendly techniques
- The 3 most effective memory systems for studying
- Which memory techniques work best for which subjects
- How and when to review information to maximise recall
- How to quickly memorise study information for tests and exams

*Continued overleaf...*

- **Effective Reading** - how well do you currently read and what's possible?
  - Why most students read below their potential and with poor comprehension
  - 4 key techniques to increase your reading speed, focus and comprehension
  - How to quickly double your reading speed through effective practice
  - How to remember more of what you read and study using the BDA approach
  - Reading strategies for different types of study material
- 
- **What is Visual Note-taking** and why is it such a powerful study technique?
  - How to use Visual Note-taking to make quick and memorable notes
  - How to use Visual Note-taking to plan A+ essays and overcome procrastination
  - How to use the GO method to plan and prepare assignments, projects and essays in a fraction of the usual time
  - How to use Visual Note-taking to organise and manage all your study notes
  - How to get started with Visual Note-taking quickly and easily

"It was miraculous. I could actually remember a lot of things in a few short minutes! I learned a variety of clever memory and reading techniques."

**Shagana Paramanandan, Year 11 Student, Melbourne**

"This workshop is amazing! You don't know how much I needed this! These techniques are very smart and easy to adapt to."

**Jack Avery, Year 7 Student, Sydney**

"This was a brilliant workshop in which we learned invaluable skills which will help me throughout school."

**Thomas Martin, Year 9 Student, Sydney**

"This workshop is fantastic. The skills and techniques I've learned here will help me greatly in studying."

**Matthew Nguyen, Year 11 Student, Sydney**

"Absolutely perfect! Loved the whole thing. Has to be the easiest way to learn, remember and make study notes more effective."

**Michael Cole, Year 9 Student, Sydney**

"This course has shown how a few simple techniques can astronomically help with both memory and reading. Learning 25 elements of the periodic table, in order, in less than 10 minutes! I recommend this to everyone!"

**Andrew McLean, Year 10 Student, Scots College Sydney**

"Exceeded even my own expectations. Gloop's techniques are outstanding with undeniable results."

**Jenny Jones, CFO**

**Victorian Curriculum And Assessment Authority**

"Why didn't we learn this in school? These techniques really should be taught to every student in the country!"

**David Eastwood, Melbourne Parent & Company Director**
