Frequently Asked Questions

Before you register below for your Gloop 1 To 1 Program, here are the answers to some commonly-asked questions.

1. How Is The Program Structured?

For your convenience, you can choose between two delivery options both of which cover the same material, whether done online or face-to-face:

- **OPTION A: Half Day Program.** Delivered in x1 four hour session, either a morning or an afternoon. Perfect if you want to cover all the material in the shortest possible time and in just one go.
- **OPTION B: 2 Session Program.** Delivered in x2 two hour sessions one week apart. Ideal if you find two shorter, separate coaching sessions more convenient.

With both options, the program is broken up in to a number of short modules each of which covers one or several key strategies or techniques, which progressively build on each other through the course of the training. The material is delivered in a fun, relaxed and humorous fashion to ensure maximum engagement and retention. Regular short breaks are also taken to maintain attention and focus. In this way, it is possible to easily absorb and learn the techniques covered whether done in x1 four hour session or over x2 separate two hour sessions.

Half Day Program Discount: As less preparation time is required when the program is done all in one go a \$100 discount applies to the half day program option.

2. When Do The Sessions Take Place?

Available all year round and at a time to suit you, this memory improvement program can be taken on weekdays, Saturdays or selected Sundays. Face-to-face sessions at Gloop in Sydney take place during the daytime. Online sessions take place during the daytime plus are also available on selected weekday evenings

3. Where Do The Face-To-Face Sessions Take Place?

Face-to-face sessions take place in Balmain in Sydney's Inner West which is 5km or 10 minutes from Sydney. Face-to-face sessions take place during the daytime. Alternatively, coaching programs can also be delivered at your home or place of work within the Sydney metropolitan area at no extra charge if done in one session. Not in Sydney or prefer not to travel? You can also take this training as an online program from the comfort and convenience of your home or office, see next two questions for details.

4. How Does The Online Program Option Work?

For online programs we use a web-based training delivery platform which enables us to share video and audio in real time. So it is similar to a face-to-face session just done via computer or tablet and over the internet. The platform also allows us to share documents and you are able to view the supporting powerpoints we use as we progress through the training. For online programs you simply need broadband internet access plus a computer or tablet with webcam and microphone.

5. Is There Any Difference Between The Online And Face-To-Face Programs?

Both options are live, one to one training and cover exactly the same ideas, techniques and content. Some people prefer to learn face-to-face in the same room and so this is a good choice if you are based in (or can travel to) Sydney. Online programs offer more flexibility in terms of scheduling and can also save on travel time and costs. Both options work well, cover the same material and achieve the same results.

6. How Much Does The Improve Your Memory Program Cost?

The memory improvement program costs \$595 including GST based on x2 two hour sessions one week apart, whether done online or face-to-face. If the program is done in one half day session of 4 hours, less preparation time is required and the cost is \$100 lower, \$495 including GST.

If you are interested in the program but it is beyond your budget, you can reduce the cost by taking the program with a friend, family member or colleague - see the next question.

7. I Think Some Of My Friends Or Colleagues Would Also Benefit From This Coaching Program. Is It Possible To Take The Program With Someone Else?

Yes, you can take this program with up to 2 additional people at the same time. The cost for each additional person is \$200 including GST. So if you take the half day program with a friend or colleague the total cost is \$495 + \$200 = \$695 or under \$350 each - a saving of c\$150 per person.

8. Is This Program Suitable For Students?
