

# Essential Study Skills For High School Students

## 1 Day Study Skills Course

**If you are looking for ways to help your son or daughter with their studies then our Essential Study Skills Course** will equip them with the knowledge, skills and confidence to study more effectively and achieve better results.

Designed and delivered personally by Australian Memory Record Breaker and founder of Gloop, Chris Lyons, this fun, fast-paced 1 Day Study Skills Course gives students of all ages simple, practical techniques to overcome procrastination and approach their studies in a more organised and efficient way, helping them achieve better marks in assignments, tests and exams.

Focused on three key areas - **Memory Skills, Speed Reading and Effective Note-taking techniques** - students discover how to learn new information quickly and easily using simple yet powerful study techniques many other students are never ever shown. Plus Gloop Study Skills Courses are relaxed, friendly and fun!

**Workshop designed and delivered by Australian Memory Record Breaker Chris Lyons who correctly recited Pi to 4,400 places without error.**

*Chris has appeared on The Today Show, A Current Affair, Today Tonight and demonstrated how effective memory techniques can be on radio stations all around Australia. Chris also won the Australian Memory Championships Names competition by memorising 46 people's names in just 5 minutes.*

### Purpose Of Workshop

- To give high school students a rapid and practical introduction to Memory, Speed Reading and Effective Note-taking techniques
- To show students how to apply these techniques to their day-to-day studies to overcome procrastination and study in a more organised and efficient way, saving time and achieving better grades
- To provide students with an easy-to-follow Action Plan to help them apply and practise their new study skills after the course

### What Students Learn

- **Memory Skills** - how much of your true potential are you using?
- The real reason students forget things and why this is good news
- The 3 essential keys to remembering what you need to at school
- The 3 most effective memory systems for studying
- Which memory techniques work best for which subjects
- How and when to review information to maximise retention and recall
- How to quickly memorise study information for tests and exams

*Continued overleaf...*

- **Speed Reading** - how well do you currently read and what's possible?
- Why most students read below their potential and with poor comprehension
- 4 key techniques to increase your reading speed, comprehension and recall
- How to quickly double your reading speed through effective practice
- How to remember more of what you read and study using the BDA approach
- Reading strategies for different types of study material
- Common reading traps students make and how to avoid them
- **Effective Note-taking** - why is note-taking such an important study skill?
- Common note-taking traps and how to avoid them
- How and when to make notes to maximise comprehension, retention and recall
- How to summarise study materials more quickly and easily
- How to use the GO method to plan and prepare assignments and projects in a fraction of the usual time
- How to use effective note-taking to plan A+ essays and overcome procrastination
- How to combine Memory, Reading and Note-taking techniques to produce a coherent approach to successful study
